### Dunhill cigarettes

**Dunhill** brand history Debut in 1907 when Mr. Dunhill opened his first store with **tobacco** products, in one of the most select neighborhoods of London, Duke Street, where the elite of English aristocracy meet and spend their afternoons in the famous "gentelmen 's clubs."

With a strong entrepreneurial feel, Mr. Dunhill realized from the outset that in order to engage in such exclusive circles, he should provide adequate tobacco products. Thus Mr. **Dunhill** decided to prepare mixtures that he will note in the catalog "My mixture," wich can be admired as a manuscript today.

The passion for perfection guided Dunhill brand from the past nearly 100 years of experience. Dunhill offered and provides its consumers demanding quality products without compromise, always in step with the latest trends, or as we refer to the range of King Size or collection signed by Cigars.

And the story certainly will not stop here. It is the firm belief that working for **Dunhill** is to take farther the brand heritage, continuing to offer consumers quality products without compromise. Buying here can be a great experience. Try our stuff and you won't be dissapointed. We take great care in our customers satisfaction.
